

Radial Employees Choose Eau Claire Work Ready for Service Project!

Radial leaders from Eau Claire, Wisconsin, gathered recently for their day of learning and volunteer work and selected the Eau Claire County Work Ready project as their focus. Following company training, they learned about Work Eau Claire, its benefits, and later spent the afternoon contacting employers not yet engaged with the project. Work Eau Claire is thrilled to share that as a result of their work, **5 additional companies signed up to support the project, with an additional 15 companies reached.**

When asked about their selection of the Work Eau Claire for their service hours, Emilie Nichols, Learning Supervisor, indicated that a member of her team recently learned about the WorkKeys assessments at a local high school, and the interest deepened from there.

Thank you to Radial for your generous commitment to Work Eau Claire, your dedication to community, and your valued presence in Eau Claire. We were honored to be the recipient of these generous volunteer hours from such an extraordinary employer and caring team of leaders.

Radial, Inc. is a multinational e-commerce company based in King of Prussia, Pennsylvania.

It provides order management, payment processing, order routing, fulfillment, and analytics services for companies such as GameStop, DSW, Shoe Carnival and Destination XL.
