

“ For those who do choose a CTE path, they would also leave with some industry-standard credentials and technical studies, so we think it’s a good way to ensure students have a broad array of choices after they graduate. ”

PREPARE YOUR STUDENTS FOR THE WORKFORCE

ACT[®] **WorkKeys**[®]
NCRC[®]

You are preparing your students for life beyond high school, including their careers. When they join the job hunt, their job applications will mix with many others on the desks of employers.

How can you help your students move their applications to the top of the stack? Give them the opportunity to earn the ACT[®] WorkKeys[®] National Career Readiness Certificate[®] (NCRC[®]).

The WorkKeys NCRC is a portable, evidence-based credential that certifies the essential skills for workplace success. Employers look for it from job candidates, whether they come directly from high school or through postsecondary paths, because it is a valid and reliable predictor of job performance.

THE AMERICAN COUNCIL ON EDUCATION

(ACE) recommends that its network of more than 1,000 institutions give three semester hours of college credit to an individual who earns the WorkKeys NCRC at the Silver, Gold, or Platinum level. This recommendation is followed at the discretion of each school.
